Emily Monte Calvo | UX/UI

Oakland, CA
(206) 799-8129
emilymontecalvo@gmail.com

SUMMARY

- Life-long learner, passionate about human-computer interaction.
- Skilled in UX, UI, JavaScript, Ruby, React and Unity.
- Always excited to created intuitive user experiences.

EXPERIENCE

UX/UI APPRENTICE
Chaos Frolic, January 2015-July 2016
- Wireframes, mockups, and logo designs helped win over difficult stakeholders.
- Conducted usability testing to inform design and engineering decisions.
- Created user personas to help engineers empathize and focus on user goals.
- UI and level design for 2D and 3D game-play.

PROJECTS

MONDO IS PHAT
Available on the Android store
- Created and launched under the challenge of learning a new framework in one week with Phaser, JavaScript, HTML, CSS, IntelXDK and Cordova.
- Rapid user-research before and after alpha-launch.
- Created wireframes, user-personas, thumbnails, splash pages, sprite-sheets and icons.

DAILY UI
Personal Project, 2017
- A compare-and-contrast project with Unity/C# and React/Redux.
- Unity portion of the project utilizes WebGL for demo-site.
- Daily UI (#dailyui) project involves creating 100 UI-pieces (in progress).

BREAKR
Academic Project, 2017
- Built as part of a distributed team utilizing agile workflows with React, Redux, Node.js, Express, MongoDB, Git and GitHub.
